Floor 21, Block B, Fortune Building, No. 18 Xinghua Bei Street , Tiexi District, Shenyang, 110025, China.

Quality and customer service is everything!

COMPANY PROFILE

Densen Group-KPS Factory is a high-tech enterprise specializing in R&D, manufacturing, sales and service of shaft couplings.

Since the establishment of the factory in 1987, we have more than 30 years of experience in manufacturing couplings. At present, the annual output value has exceeded 23 million US dollars and the factory covers an area of 40,000 square meters.

We have dozens of product invention and application patents such as "Gear ball universal coupling", "Laser alignment instrument", "Gear type universal coupling", "Double diaphragm small axial coupling," Non-metallic diaphragm coupling", etc. .

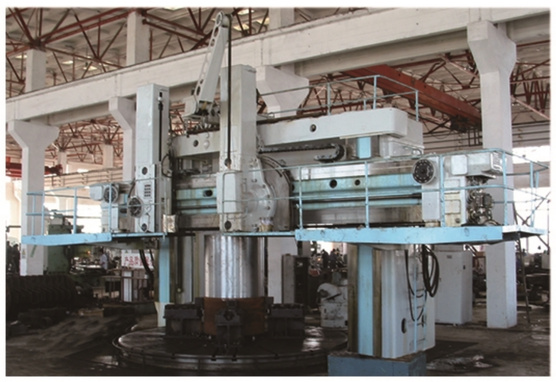

WORK SHOP

FACTORY EQUIPMENT

WE PROVIDE COUPLING SOLUTIONS

Custom servise,this is the core competitiveness .We have more than 60 middle and senior technicians and more than 300 professional equipments, it provides clients with customized coupling services through strong technical support and processing capabilities.

Smart innovation,building couplings based on customer requirment is the core solution philosophy. By combining customer feedback with market trends, our engineers have created an entire line of coupling products that deliver high levels

MAIN PRODUCTS

Disc/diaphragm coupling

JM series

PM series

JT series

JTM series

JMB series

HB series with brake wheel

JMH series

HS series

JN series

diachragm coupling

SHM series

Non-metallic disc coupling

Shaft coupling

GICL gear coupling

GIICL gear coupling

GIICLZ gear coupling

TGL gear Coupling

WGP gear coupling

HRC Coupling

MAIN PRODUCTS

Shaft coupling

NM coupling

Pin coupling

T10 Grid Coupling

Spring of coupling

Universal coupling

Carbon fiber coupling

Fluid coupling

Universal joint

Chain coupling

Pin bush coupling

Locking assembly

Special coupling

Miniature&Precision Coupling

Jaw coupling

Disc coupling

Oldham coupling

Bellows coupling

Beam coupling

Locking bellows coupling

Encoder coupling

Locking disc coupling

Rigid coupling

Locking jaw coupling

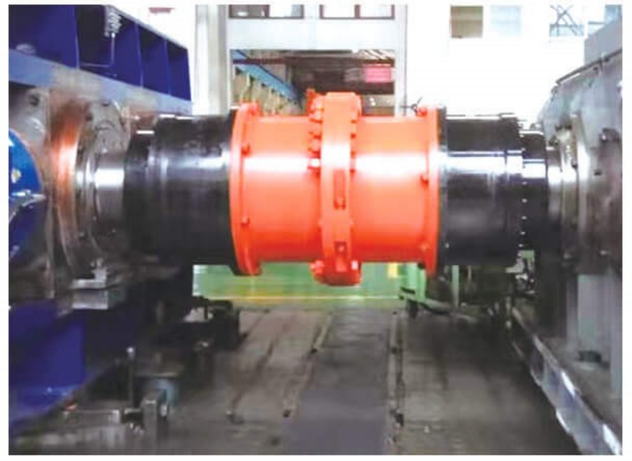

PRODUCTS SHOW

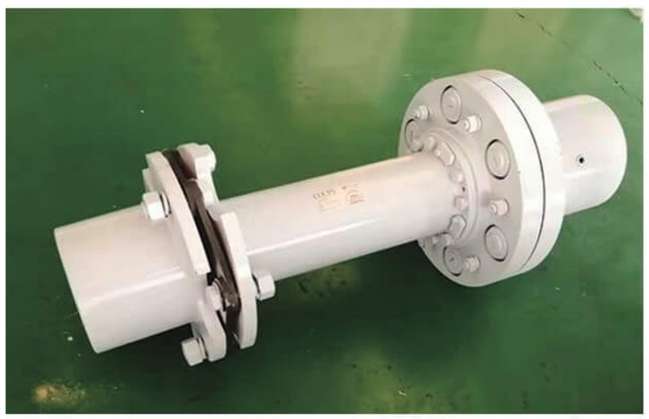

Couplings for tandem mixers GIICL17F

Roll forming machine coupling WGT22-2108mm

Diaphragm and elastic sleeve composite coupling K9037.2.0

E1 vertical roller universal coupling SWC550

Universal Coupling SWC550 for steel mill

Chain plate diaphragm coupling for cement industry

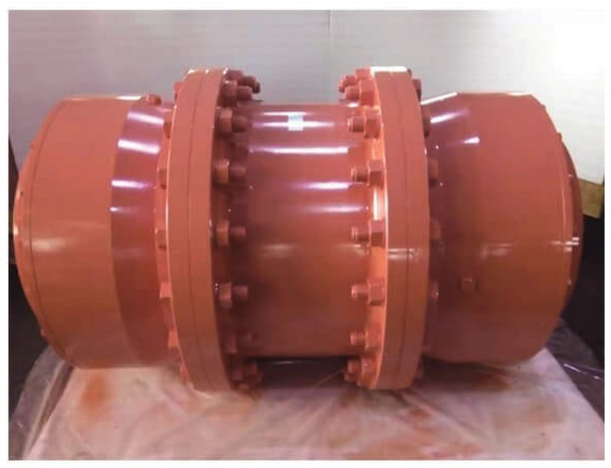

PRODUCTS SHOW

Long shaft fan coupling for coal mine fans, length is 4535mm

Rolling mill project coupling, weight is 6059kg and outer diameter is 1210mm

High speed carbon fiber diaphragm coupling

Flexible link coupling MB1160, the outer diameter is 1160mm and the length is 1520mm

Universal coupling for rolling mill

Diaphragm coupling for steel mill

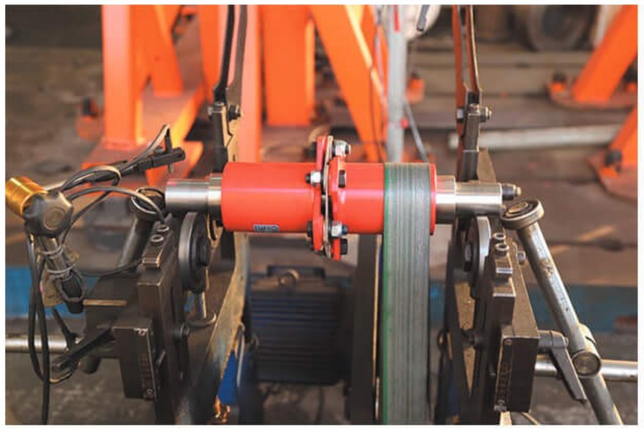

PRODUCTS SHOW

Non-metallic diaphragm coupling

Universal coupling

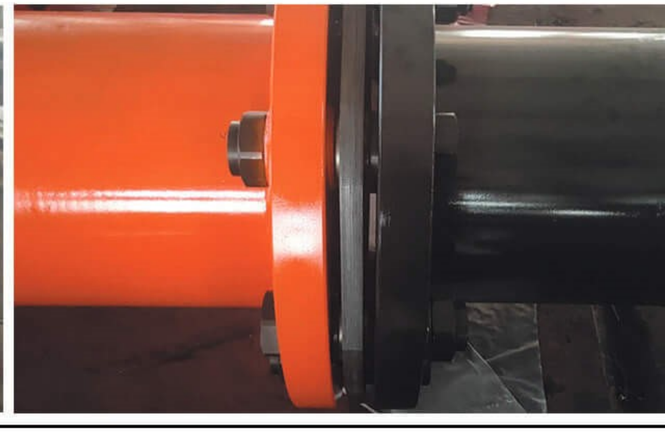

Coupling for Frame roller

Diaphragm coupling for Rotary kiln

Universal coupling SWC180

Gear coupling for Steel plant
